

# Slips, trips and falls!

If you fall on school property:

Report it to  
your Admin

If a critical injury takes place, the Ministry of Labour must be notified immediately, the JHSCCommittee must investigate and the Board must also investigate

If a non-critical injury occurs, then complete an Accident Report Form, submit it to your principal and give a copy of it to your JHSCCommittee Representative

If you require medical attention, ensure your practitioner fills out a WSIB Claim (form 8)

Send a copy of page 2 of your WSIB form to the Board Employee Wellness Department and inform your principal of your having to seek medical attention

Complete these steps as soon as possible!
